Lloyd Cipriano Aringo

2745 Gen. M. Capinpin, Bangkal, Makati City | lloydiecipriano@gmail.com | 0998-168-3728

Education

STI College   Caloocan City
Degree of Bachelor of Science in Information Technology   2021-2025
Cum Laude. GWA of 1.41
Thesis: SEECAPP Administrative Web/Mobile Application for Faculty and Students
Certifications: Java, LINUX Fundamentals

Inventors School of the Philippines   España, Manila
Information and Communications Technology   2017-2019

Experience

Northgate Technologies Inc.   Quezon City
QA Warehouse Intern   Feb to May 2025

- Conducted product inspections on hardware components to ensure 100% accuracy and compliance with company specifications and standards
- Logged product status and discrepancies, reducing item returns and undetected malfunctions
- Assisted in documentation and reporting of inspection results for internal audits and process reviews
- Identified and flagged inconsistencies during quality checks, contributing to improved batch reliability

STI College Caloocan   Caloocan City
Student - Capstone Project   2024-2025

- Developed an administrative application for school faculty and students using HTML, CSS, JavaScript, Php
- Deployed a mobile/web application for users using Android Studio and React Native Framework
- Utilized MySQL to design and manipulate relational databases compatible on web and mobile platforms

STI College Caloocan   Caloocan City
Student - Game Development   April to May 2024

- Developed a functional clone of Chess.com using Python, focusing on game logic, algorithms and rules
- Utilized user interface elements with the usage of UI/UX principles in consideration of intuitive gameplay experience

STI College Caloocan   Caloocan City
Student - Payroll System   2023

- Acknowledged as the Lead Programmer
- Developed a system managed by the admin to deliberately foresee employee and employer transactions
- Utilization of C# windows form with CRUD and Microsoft Management Server System

Skills & Interests

Technical:
- Programming Language: Java, C#, Python, C++ (Fundamentals)
- Software Development: Object Oriented Programming
- Version Control & Collaboration: Git, GitHub
- Database Management: Basic Knowledge of SQL and CRUD operations
- DevOps and Deployment Tools: Docker, Render, Uptime Robot
- Operating Systems: Linux (Ubuntu), Windows
- Fundamental Shell Components: PowerShell and CMD

Language:
- Tagalog; Fluent and Proficient
- English; Conversational

Soft Skills:
- Problem-Solving
- Adaptability and Efficiency
- Communication
- Team Collaboration
- Attention to Detail
- Curiosity and Self-Driving Learning
- Innovative and Resourceful
- Creativity
- Persevering Character

Interests:
- Brilliant; Learning app related to computer science; mastery of python
- Duolingo; 302-day streak, learning app to enhance mathematical, analytical skills
- Solo Learn; Finished Java Certification Program
- Khan Academy: Learning app for Online Data Safety and improving Cyberthreats

Reference:
- Upon Request
